Notification Preferences

To set your notification preferences, follow these steps:

1. On the **Settings** tab, select **Notification Preferences**.
2. On the **Notifications Options** page, review your e-mail settings.
3. To update or add an e-mail address, click the **Edit** button for the notification type.
4. Update or add your e-mail, and select which notifications you wish to enable.
5. Click **Update** to save your changes.

It might help if you turned off *Report Notifications*.

The screenshot shows the Amazon Seller Notification Preferences page. It is divided into several sections, each with an 'Edit' button. The 'Order Notifications' section includes: Merchant Order Notifications (Sold, Ship Now): Email Enabled; Pending Returns Reminder: Email Enabled; Claims Notifications; Amazon Fulfillment Order Notifications: Enabled; Multi-Channel Fulfillment Order Notifications: Enabled; Inbound Shipment Notifications: Enabled; and Inbound Shipment Problem Notifications: Enabled. The 'Listing Notifications' section includes: My listing has been created: Disabled and My listing has closed: Disabled. The 'Report Notifications' section includes: Open Listings Report: Disabled; Order Fulfillment Report: Disabled; Sold Listings Report: Disabled; and Cancelled Listings Report: Disabled. The 'Amazon Selling Coach Notifications' section includes: Amazon Selling Coach Notifications. The 'Other Notifications' section includes: Business Updates. On the right side, there is a section for 'Amazon Seller SMS Text Messaging' with a 'Sign up now' link.
